July 12, 1968.

Dear Hal,

I arrived here in Irvington, New Jersey on Wednesday, July 10th. I'll be staying here for the full months of July and August and, of course, hope to visit with you during that time. There is much I have to discuss with you.

Let me give you the address and phone number I'll be at so that you can write or call me. It's: 16 Marshall St. Apt. #2-H, Irvington, New Jersey, 07111 and the phone # is: #201-373-8066.

As Jones probably told you I saw him the day before I left for Irvington. He incorrectly told you that I was going by car. I didn't. I flew by plane and will return the same way (unless I somehow meet someone who will be going back by car around the time I leave).

I told Paul Hoch and the others in my group where I can be reached and if anything comes up they know how to reach me.

Tom Sanders told me before I left that there was a small chance he could get to Dallas in August and he would be in a position to look into anything you or I wanted. He wanted, however, some letter from Garrison's office or something looking official which he could use in conducting any inquiries while he was there. He believes people there would talk more about what they knew if he showed them something like this. Do you have any suggestions on this?

I would like to come out to Frederick as soon as you feel the time would be best for me. I am not certain at this point, however, just exactly how I'll come. If I can borrow a car there'll be no problem but this doesn't seem too likely since my family needs the car in Irvington and I doubt if they'll allow me to use it.

That leaves me the choice of coming either by train or by bus. Most likely it'll be by train if I do visit you since I prefer a train over a bus.

Can you let me know in your letter to me just what bus service is available from Irvington to Frederick? (Irvington is right next to Newark, so I can leave from there also). Ditto the same for train travel.

If by chance I do get the car I'll check with the AAA here and see what route to take to get to your place.

Well, I'll close now. I'll have plenty of information to discuss with you when we meet.

Regards to your wife. Looking forward to seeing you all in the near future.

Best,

Hal Verb
